6 NGO'S & CSO'S IN OBS

WELCOME TO STREETOPIA OBS. 2016

Today we fill the streets of Obs with colour and good vibrations – and there's a whole lot to see and do. This guide is designed to help you navigate the various activities and areas – but today's also full of surprises and spontaneous performance that you'll only discover by exploring the area. It's a community event, so get out there – and get involved!

Need info? Head to the Village Green to find our Info stand under the big tent.

TAKE NOTE

THANK YOU

Thanks to everyone that has made today's community-based event possible. Streetopia wouldn't happen without the support and assistance of a wide range of organisations, volunteers and businesses – including the residents of Obs, and business owners.

So we'd like to send shout outs to everyone that's helped make it all happen:

- To Obsid for helping with logistics, security and cleaning
- To the Obs Civic Association for their help with business support
- To all the volunteers that have offered their help with the many tasks
- To Karen Stewart at the Ah HA Company for designing this guide and event poster

2 KIDS AREA

Head to the Kid's Park (corner of Station & Arnold), where you'll find a kid-friendly space featuring a performance stage, jumping castle and face painting for the little ones. 30-minute Jungle Theatre performances will happen here.
