The **Streetopia Legacy Project** aims to uplift the environment of Observatory. We've painted, we've planted, we installed lights and boxes and this year we called for mosaic. Urban Glyphs was implemented on the Village Green by local resident **Marcelino Manhla**. We are grateful for the support we received from Counsellor Yusuf Mohammed, OBSID and as always, **AfrikaBurn**.

Afterparty happening at the **Community Center Hall** Join the Animal Farm show at **Magnet Theatre** on St Michaels
